## COMPANY PROFILE

### About Us

At **GREEN POWER & COMPANY** we aim to build a green future for our global community by utilizing the energy of the Sun. We work to build and maintain a cleaner, energy-efficient world. We are a Jodhpur based company with a growing network across India. **GREEN POWER & COMPANY** aims at delivering its products and services to the consumer in the stipulated time frame, keeping in mind that the consumer is a green citizen and his initiative to go in for an energy saving solution should not be neglected. Being the channel partner of **AO SMITH INDIA** (commercial & domestic) and **ION EXCHANGE INDIA LTD (ZERO B, home water division)** & **SOLAR MAXX WATER HEATERS** for complete Rajasthan zone we deliver best machines for water heaters and water softeners along with RO purifiers.

### Our Belief

We strongly believe in and recommend the use of non-conventional sources of energy and Encourage even a small step that goes into energy saving. At **GREEN POWER & COMPANY**, we aim to build a green future for our global community by utilizing renewable and alternatives. In today's high-energy consuming world, we offer world-class energy saving solutions, striving to meet the increasing need for alternative energy sources.

### Company Strategy

- **Purpose:** To be a best provider of machines for water heating and water treatments and water in the social industry by providing enhanced services, relationship and profitability with inculcated by latest technology
- **Vision:** To provide latest technology & quality services that exceeds the expectations of our esteemed customers.
- **Mission statement:** To build long term relationships with our customers and clients and provide exceptional customer services by pursuing business through innovation and advanced technology.

### **WORKING PRINCIPLE:**

All models consist of 3 main parts- Vacuum tubes, heat preservation tank (Water tank) and support frame. Vacuum tubes are made of twin borosilicate glass using advanced technology. The outer part of inner tube is coated with aluminum nitride that can endure a Temperature up to 350 degree C. The vacuum tubes absorb the sunlight and convert the solar energy into power. Heat preservation tank ensures water is kept hot for a longer duration. To ensure smooth hot water supply even during cloudy days our water heaters with in- built electric back up.

### **Sola PV System**

SolarMaxx is a leading manufacturer and provider of solar energy solutions that specialises in production of high efficiency solar PV modules.

A pioneer in the solar industry, SolarMaxx offers a broad range of photovoltaic solar modules that feature high efficiency through quality material and workmanship.

Our solar modules are amongst the best PV panels available to multiple customer segments including industrial, commercial, institutional for both on-grid and off-grid solar projects and residential users.

Wide product range:

- Multiple configuration 12, 18, 36, 60 & 72 cells
- Wide power range: 3W to 310W
- Extended power warranties

Built to perform SolarMaxx solar modules are known for:

- Enhanced low light performance
- Long life EVA and backsheet
- In house testing & sorting of individual cells
- Operating temperature range of -40°C to 85°C

### TECHNICAL SPECIFICATION MODULES 3W TO 250W

Electrical Characteristics	3-P	3-P	5-P	10-P	20-P	40-P	75-P	100-P	150-P	250-P
Power (Pmax) in watts	3	3	5	10	20	40	75	100	150	250
Open circuit Voltage (Voc) in Volts	7.39	10.68	10.86	21.02	21.4	22.8	22.87	22.8	22.73	37.76
Short Circuit Voltage (Isc) in Amps	0.52	0.41	0.68	0.63	1.25	2.25	4.43	5.89	8.83	8.8
Voltage at Maximum Power (Vmp) in volts	6.41	8.32	8.4	17.28	17.7	17.8	18.13	18.2	18.72	30.75
Current at maximum Power (Imp) in Amps	0.47	0.37	0.6	0.57	1.15	2.1	4.11	5.42	8.27	8.2

### PHYSICAL PARAMETERS

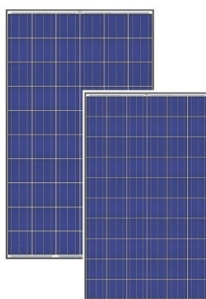

Solar Cells per Module	12	18	18	36	36	36	36	36	36	60
Length x	185x	200x	270x	285x	500x	505x	790x	1085x	1480x	1645x
Width x	185x	185x	185x	350x	350x	665x	665x	665x	665x	990x
Thickness	15	15	15	15	15	35	35	35	35	40

### FEATURES

Tolerance on power is +/-5%  
All electrical parameters are specified at STC: 25°C temperature, irradiation 1000W/m<sup>2</sup>. AM: 1.5

All the modules are supplied with screw less hollow section frames.

Up to 25 Years Limited Current  
Warranty on Pmax >40Wp

### CHARACTERISTICS

Type of Cell : Multi Crystalline Silicon

Front : Tempered glass (low iron)

Encapsulate : Ethylene Vinyl Acetate

Frame : Anodized Aluminum

Junction Box : IP 65

Head Office: ILLUSION4REAL, D-104/2 Meera Marg, Bani Park, Jaipur- 302016 | Tel: +91 141-2203535, +91 141-4009995  
Factory: 168-E, RCS Campus, Jhotwara RIICO Industrial Area, Jaipur | Tel: +91 7231820820

Due to continuous R&D the dimensions of panel may vary and look of the product may not be the same as shown in brochure. It is for information purpose, does not have any legal value.
